Illustrative Specimen Pack — Open-Book Supply & ESG Documentation

ILLUSTRATIVE SPECIMEN

1. Sample Four-Part Open-Book Invoice

Delivered with every operational shipment to verify direct cost components and confirm full market-price parity (0% Green Premium).

Specimen Invoice Reference	Buyer Accounting Treatment	Independent Quality Clearance
INV-OB-2026-0104	Standard Procurement (100% OPEX / COGS)	Cleared — Batch CoC #QA-06

Line	Contractually Disclosed Cost Component	Verification & Traceability	Share	Amount (SAR)
01	**Actual Qualified Raw Inputs** Spec-compliant primary materials at verified upstream cost	Qualified supplier invoices + Stage 01 QA	56.36%	62,000.00
02	**National Conversion & Operations** Scheduled execution on idle capacity at a qualified Saudi plant	Open-Book work order + Stage 03 QA	26.36%	29,000.00
03	**6-Stage Independent Athar QA & DDP Logistics** Pre-release batch verification and delivery to buyer warehouse	Mandatory Batch CoC + DDP POD	8.18%	9,000.00
—	**Total Verified Direct Cost (Sum of Lines 01 to 03)**	**Base for declared impact margin**	90.91%	100,000.00
04	**Declared Ring-Fenced Impact Margin (+10% on Cost)** **Transferred in full to the audited non-profit escrow account**	**M/132 Art. 185 & 194 • Form ATH-IMP-12**	9.09%	10,000.00
Σ	**Net Contractual Invoice Value (Prevailing Market Parity — 0% Green Premium)**		100.00%	110,000.00

2. Independent Batch Certificate of Conformance (Batch CoC) Summary

Centralized Athar QA Attestation: Structurally separated from the host manufacturing floor, Athar QA confirms this lot passed all 6 verification gates: (01) Raw Input Qualification, (02) First Article Benchmark Match, (03) In-Process Monitoring, (04) Pre-Release Final Inspection, (05) Lot Chain-of-Custody Traceability, and (06) Contractual SLA Compliance.

Quarterly Allocation & Non-Distribution Certificate (Form ATH-IMP-12)

ILLUSTRATIVE SPECIMEN

Ready-to-Disclose Non-Financial Metrics Aligned with GRI & GHG Protocol Scope 3

Statutory Non-Distribution Declaration: Athar Sourcing, incorporated as a Saudi Private Non-Profit Company under Part Seven of the Saudi Companies Law (Royal Decree M/132), certifies that private dividend distribution is strictly prohibited under Articles 185 and 194, and 100% of declared impact proceeds are ring-fenced for the three channels below.

3. Ring-Fenced Escrow Split (35% / 35% / 30%) — Specimen Batch

Statutory Escrow Channel	Share	Escrowed (SAR)	Disclosure Mapping
Industrial Employment & Vocational Training Channel	35%	3,500.00	GRI 404-2
Environmental & Circular Transition Across Partner Plants	35%	3,500.00	GRI 301-2 • Scope 3
Local Supply Chain Resilience, Athar Studies & Responsible Innovation	30%	3,000.00	GRI 203-2 • ISO 20400

4. Ready-to-Disclose Buyer ESG Summary Schedule

Pillar	Prepared Non-Financial Disclosure Metric	Value / Share	Reference Framework
Social (S)	Inclusive local procurement spend with a Saudi non-profit supplier	100% (SAR 110,000)	GRI 204-1 • ISO 20400
Social (S)	Direct community investment embedded in supply (zero grant-budget draw)	9.09% (SAR 10,000)	GRI 201-1
Environ. (E)	Batch material weight tracking & upstream carbon avoidance calculation	100% Lot (tCO2e)	GRI 301 • GHG Scope 3
Gov. (G)	Open-Book cost transparency, 0% private dividend & independent audits	0% Private Dividend	GRI 2-6 • SOCPA / ISAE

Assurance & Accounting Note: Financial accounts and escrow schedules undergo annual audit by a licensed **SOCPA** CPA firm alongside independent sustainability assurance under **ISAE 3000**. Metrics are provided ready for buyer disclosure aligned with **GRI** and Saudi Exchange ESG guidelines, while 100% of the invoice is booked as routine **OPEX / COGS** without double-counting.
